What I have to do in my learning journey.

February 3, 2023

- University Studies

- Spanish Language

- Data Science & Machine Learning

    - Programming languages
        * Python
            · Design patterns
            · Advance Skills
        * Rust
            · Read a book and learn it well.
    - Data Structures and Algorithms (Learn needed stuff well)
    - Databases (Learn them advanced)
        * SQL
        * NOSQL
    - Statistics
        * Inferential Statistics
        * Linear Algebra
        * Calculus
    - Machine/Deep Learning
        * Do projects
        * Read kernels on Kaggle
        * Proceed to MLOPS

- FastAPI, Django, ... (Learn to be a software developer)

- My Statistical Survey (Try to finish it and be helpful and affective)

- Copperplate calligraphy

    - See YouTube tutorials
    - Practice well
